CORPORATE EVENTS BROCHURE

www.theelasticbandwebsite.com

THE Elastic BAND

Introduction

We are an energetic and engaging covers band based in County Galway but playing nationwide with over ten years experience performing live. We have gained an excellent reputation for professionalism and variety of music, and are regularly booked to perform at weddings, graduations, debs balls and corporate functions throughout the country. We offer a wide range of music to suit all tastes and age groups, and pride ourselves on our ability to adapt to any particular audience or any particular venue.

About Us

The band consists of four members and the following instruments: drums, bass, acoustic guitar and electric / synth guitar. The synth guitar allows us to replicate a range of other instruments (piano, brass, strings, banjo, accordion, etc), which is how we are able to cover varied styles of music such as country, rock, trad and pop. Three members of the band share lead vocal duty and at different times perform backing vocals / harmonies. We also come fully equipped with our own PA system and stage lighting.

DJ Service

We offer a full DJ service in addition to our band. The DJ carries a complete catalogue of over 20,000 songs covering every type of music and including the latest chart hits. The advantages of booking both band and DJ with us are as follows:-

- A 'one stop shop' for all your entertainment.
- There is less space taken up by separate band and DJ equipment as our sound and lighting equipment is used for both.
- We ensure a smooth and seamless transition between the end of the bands set and the start of the disco.
- No need to worry about the DJ not turning up after the band.
